

MNJ INSTITUTE OF ONCOLOGY & REGIONAL CANCER CENTRE

DEPARTMENT OF PAIN AND PALLIATIVE MEDICINE

One month Certificate Course in Pain and Palliative Medicine (CCPPM)
(Supported by INCTR, & PALLIUM INDIA)

Objective: To enable participants to gain practical “hands-on” training in palliative care delivery supplemented by theoretical background.

Course schedule: The next One month Certificate Course in Palliative Medicine begins on first Monday of January, February, July, September, November 2011.

Eligibility: M.B.B.S, permanent registration with medical council

Course fee: Rs 15,000/-

(Note: Candidates from India are eligible for a subsidized fee of Rs.5000/- for the course. *If you are desirous of applying for scholarship for financial support for the course, please e-mail your query to mnj.palliative@gmail.com / durgaoncodr@yahoo.co.uk*)

This will have to be paid in full by demand draft payable at Hyderabad in the name of MNJIO&RCC when information of preliminary selection is sent. Confirmation of seat will be made on receipt of payment. Travel and accommodation will be the candidate’s responsibility; but assistance will be provided to secure accommodation when needed. **Accommodation booking (if requested) can be confirmed only on receipt of the required amount.**

Cancellation: If course participation has to be cancelled after payment, Rs 14,000 (or Rs. 4000 in the case of the subsidized seats) can be refunded provided another person is accommodated against the vacancy. If no one else is available at such short notice, only half the fee will be refunded. The refund can be effected as demand draft or can be adjusted against payment of fees for a future course.

Working hours: Work starts at **9.00 AM and finishes at 4.30 PM** or till clinical work is completed, whichever is later. The work is from Monday to Saturday. The candidates are eligible for no other leave, and if for some reason leave becomes needed for unforeseeable reasons, the duration of the course will be extended by the number of days missed.

The learning process:

The bulk of the learning process will be by the bedside, in the outpatient department, in the wards. There will be one or two academic exercises every day - majority of the subjects will be covered in the form of interactive tutorials. Periodically you will be expected to make short presentations on some of the subjects as well as to present interesting reports of patients and problems.

Log book: You are also required to keep a log book of at least five reports – studies of patients – to include initial evaluation, treatment plan and progress over the period studied.

Evaluation:

1. Internal assessment.
2. Examination at the conclusion of the course. Ordinarily it will be on day 43 of the course; but if that day is a holiday, or is inconvenient for some other reason, the examination may be postponed to the next day.
3. Evaluation of the course by the candidate. The students will be requested to give their feedback on the teaching program week-by-week as well as overall at the conclusion of the course. The feedback will be used for modification of the program to enhance its usefulness.
